Armadio Basso Portatutto  
Small Cabinet

## IT

- Mobile in polipropilene, materiale antiurto, resistente al freddo, alle intemperie, agli oli e ai solventi
- Sistema anti-usura con cerniere in acciaio che garantiscono una chiusura a scatto
- Lavabile, non assorbe odori e non trattiene l'umidità
- Semplice sistema di assemblaggio
- La forma della maniglia offre una comoda presa per l'apertura delle ante
- Packaging ingegnerizzato per ridurre l'ingombro dell'articolo confezionato
- Prodotto con plastica riciclata, riciclabile e conforme alla normativa REACH

## GR

- Πλαστική ντουλάπα παράγεται από πολυπροπυλένιο, με υλικά αντικραδασμικά, αδιάβροχο και ανθεκτικό έναντι σε διαλύτες και σε έλαια
- Μεντεσέδες χάλυβα, που διασφαλίζουν ένα μάνταλο σαν, ώστε να αποφεύγεται το κλείδωμα συστήματος να υπόκεινται σε φθορά
- Πλένεται, δεν απορροφά μυρωδιές και δεν διατηρεί την υγρασία
- Σύστημα εύκολης συναρμολόγησης
- Κάθετη λαβή για πιο εύκολο και άνετο άνοιγμα των πορτών
- Εργονομική συσκευασία για να περιορίσει τον όγκο του προϊόντος
- Έχει παραχθεί με ανακυκλώσιμο πλαστικό, σύμφωνα με τον Κανονισμό REACH.

## ES

- Armadio en polipropileno, a prueba de golpes, resistente al frío, resistente a la intemperie, aceites y solventes
- Bisagras de acero anti-desgaste que proporcionan un cierre con pestillo
- Lavable, no absorbe olores y no retiene la humedad
- Sistema de montaje sencillo
- La forma del mango proporciona un agarre cómodo para abrir las puertas
- Embalaje diseñado para reducir el volumen del producto
- Fabricado con plástico reciclado, reciclable y cumple con REACH

## PT

- Armario produto em polipropileno, material anti cheiro, resistente às intemperis e aos solventes e óleo
- Dobradiças em aço que garantem um perfeito fecho
- Lavável não absorve cheiros e não conserva humidades
- Punho confortável para uma abertura das portas mais fácil
- Montagem rápida
- Embalagem concebida para limitar o volume do produto
- Material eco duravel e reciclavel; os nossos produtos respondem às normas REACH.

## EN

- Cabinet produced in polypropylene, anti-shock proof materials, weather-proof and resistant against solvents and oils.
- Steel hinges that do not wear out quickly and that guarantee a dead latch of the doors
- Washable, it doesn't absorb smells and doesn't keep humidity
- Easy self assembly
- The shape of the handle allows an easier and comfortable opening of the doors
- Engineered packing to limit the volume of the packed product
- Made with recycling and recyclable plastic, in compliance with REACH regulation

## DE

- Schrank aus Polypropylen, stossfestes Material, resistent gegen Kälte, wetterfest, beständig gegen Öle und Lösemittel
- Stahlscharniere mit verschleißarmen Schnappverschluss
- Waschbar, es absorbiert keine Gerüche und keine Feuchtigkeit
- Einfaches Montage-System
- Die Form des Griffs ermöglicht eine bequeme Öffnung der Türen
- Artikel in volumenreduzierter Verpackung verpackt
- Hergestellt aus recycelten Kunststoff, recyclebar und entspricht den REACH Bestimmungen

## FR

- Armoire en polypropylène, matériel antichoc, résistant au froid, aux huiles et aux solvants.
- Avec charnières en acier qui assurent une fermeture anti-usure
- Lavable, il n'absorbe pas les odeurs et ne retient pas d'humidité
- Assemblage simple et rapide
- La forme de la poignée permet une prise confortable pour l'ouverture des portes
- Emballage conçu pour réduire le volume de l'article conditionné
- Produit en matériel eco durable, recyclable et repondant aux normes REACH

## RO

- Dulap din polipropilenă, material rezistent la șocuri, frig, uleiuri și solvenți
- Cu balamale din oțel care asigură o închidere fermă și rezistență în timp
- Lavabil, nu absoarbe mirosul și nu reține umiditatea
- Simplu și rapid de asamblat
- Forma mânerelor permite o deschidere ușoară și confortabilă a ușilor
- Ambalaj conceput pentru a reduce volumul produsului împachetat
- Fabricat din plastic reciclat și reciclabil, este în conformitate cu normele REACH.
